

18th May 2026

Dear Parents and Carers,

I would like to begin by congratulating our Year 11 students on what has been a fantastic start to the examination series. It has been incredibly encouraging to see the commitment and determination shown by so many of our students.

It has been brilliant to see such high levels of attendance in school from 8:00am through to 4:00pm each day. A truly special moment came on Thursday morning when over 75% of the year group were in school at 8:00am, revising mathematics together. This level of dedication and collaboration is something we are incredibly proud of.

I have also attached an updated version of the Revision and Exam Timetable. You will now notice that half-term revision sessions have been added to the timetable. These sessions are open to all students who are studying the subject and provide an excellent opportunity for additional support and structured revision. We strongly encourage students to take full advantage of these sessions.

Please also note one important change: the Leavers' Assembly has been moved from the 18th June to the 19th June. This adjustment allows more tutors to be present and celebrate this important milestone with the students.

As the exam period continues, it remains vital that all students attend every exam and arrive on time. Punctuality and preparation are key to ensuring they can perform at their very best.

We wish all our Year 11 students the very best of luck for the remainder of their exams. They have made an excellent start, and we are confident they will continue in the same positive manner.

Yours faithfully,

Chris Andrews
Vice Principal
